

VALENTINA NYAME

I am a graduate of Kwame Nkrumah University Of Science and Technology (KNUST), Ghana with a degree in BSc. Human Settlement Planning. For my 4 years degree programme, I was privileged to be a proud beneficiary of Educational Pathways International (EPI) scholarship programme. With a heartfelt appreciation, I must say that EPI has been, and still is one of the best experience I can ever boast of and has imparted my life in ways I never thought was possible.

In EPI, we see each other not as beneficiaries but a family working towards the personal, intellectual, professional and social development of each other. In my view, tremendous results have been achieved, since I have seen my colleague beneficiaries take up major student positions, receive countless awards, graduate with the best of grades, with some furthering their education in prominent schools both within and outside the country while others join the working environment. None of the above would have been possible without EPI. For me, I could not have made it this far in my educational path without EPI as a backbone. EPI has empowered me to reach higher in all endeavors and has been a source of inspiration for others like me to give back to the community. Thank you EPI.
